What time is the acceptance testing scheduled for tomorrow?

Can you have Jensen Hughes send us the latest overall punch list status?

Laura will not be there tomorrow; however, Tsabikos & I plan to attend.

Thanks,
Joe

Hi Kevin and Brett,

We had a quick call today, and one item that came up was the rent issue. I believe there was a meeting last week that Kevin couldn't attend, and (b) (6) was asking if GSA had an update on those issues. I've included (b) (6) on this email as well. Thank you.

(b) (6) & (b) (6)

As you are aware, we have been working with your team for the past several months to finalize an interpretive plaque for Robert Irwin's *48 Shadow Planes* to be installed in the cortile of the Old Post Office. We are now getting ready to fabricate this plaque and would like to order a second plaque to be installed in NPS space. There is an excellent view of the artwork from the 9th floor corridor between the elevator and bell ringer space and we would like to provide information on the artwork to individuals that are visiting the clock tower but may not have the opportunity to visit the rest of the hotel.

Attached below is a copy of the proposed plaque (identical in every regard to the one that you all approved for the cortile) along with two photographs of the NPS hallway, (b) (6) up to show our proposed location on a column facing the artwork. The plaque would be adhered to the plaster column face utilizing a reversible 3M double sided tape, approved by the DC SHPO for applications on historic plaster.

We are notifying you as the majority tenant of our intent to proceed with this undertaking in NPS space. Please contact me with any questions or concerns.

Thank you,

Kevin,

Hope you had a great week...You will find attached for your final review our draft for the 2017 security and housekeeping expenses for the clock tower.

Once you agree with the numbers, I will issue a formal letter.

Have a great weekend!

On Mon, May 22, 2017 at 12:54 PM, Calvin Myint - WPM1D <calvin.myint@gsa.gov> wrote:

Good afternoon everyone,

We received a notice from NPS late last week that they have start dates for five of their eight staff. NPS needs all eight employees on-board for them to operate the clock tower full time. Without confirmation of the status on the remaining three, NPS indicated that it would not be until at least Monday, June 19th that NPS would be ready to expand to full-time operations.

NPS will confirm status of the remaining three employees and their date to go full-time operations by early this week. We'll share that information as soon as we receive it. Please let us know if you have any questions. Thank you.

Hello everyone,

We have received information from NPS that they do not anticipate being able to expand their operations to seven days a week on April 15th as originally projected. They're still going through the hiring process.

At this point, their tentative projected time frame is early May before operations can be expanded to seven days a week. We will keep you updated as we receive them from NPS.

Please let us know if you have any questions. Thank you.

Kevin...Let's touch base tomorrow.

I am sure you witnessed the demonstration yesterday and it may help explain some of the decisions made to protect the building as well as everyone inside. We could have faced catastrophic consequences on Friday and Saturday without proper protection.

We need to sit down to review a plan moving forward. Safety of the guests and the employee must be on top of our mind and I am sure we can come up with a solution.

Please let me know a good time for us to connect tomorrow or meet in person.

Thank you!

Hope everything has been going smoothly for you with the hotel operation over these past several days and into the Inaugural weekend. I left you a voice message yesterday and needed to reach out to you to ensure you fully understood all of the Fire Life Safety requirements related to egress at the Old Post Office. We recognize that some of the fencing that is installed in and around the OPO was put up by USSS in advance of the Inaugural activities, however we still do need to ensure the safety of the patrons of the hotel and a accessible path of egress.

Please ensure that the regulations that have sent over through our FLS group are followed for all of the egress paths at the OPO. We understand this is a unique situation, however we again need to ensure all of the FLS code requirements.

Your immediate attention is greatly appreciated./

Best Regards,
KT

Glenn has discussed the items with Tim from NPS, and we have a high level of confidence these items will be addressed by tomorrow morning before opening. Glenn spoke to Tim and he was ok with our plan to address them. We'll get a confirmation email in the morning that everything on the list has been addressed.

All,

My crew just did what we hoped would be a final walkthrough and found several critical safety issues that must be addressed prior to opening to the public.

I'm sure there are already plans for most if not all but these are items that will **PROHIBIT** opening.

- 1) Trash cans need to be present in the Ground Floor Lobby
- 2) Second (at minimum) set of elevator control keys
- 3) Exposed wiring at lobby must be covered
- 4) 9th floor walkway has an unlocked glass door over the balcony
- 5) Construction debris in the 9th floor ringing chamber area
- 6) Padlock missing for the catwalk
- 7) Door to the roof is unlocked (10th floor)

Tim,

I just spoke to Glenn Thomas. He's going to check what can be done before 9 a.m. tomorrow. We'll keep you posted.

All,

My crew just did what we hoped would be a final walkthrough and found several critical safety issues that must be addressed prior to opening to the public.

I'm sure there are already plans for most if not all but these are items that will **PROHIBIT** opening.

- 1) Trash cans need to be present in the Ground Floor Lobby
- 2) Second (at minimum) set of elevator control keys
- 3) Exposed wiring at lobby must be covered
- 4) 9th floor walkway has an unlocked glass door over the balcony
- 5) Construction debris in the 9th floor ringing chamber area
- 6) Padlock missing for the catwalk
- 7) Door to the roof is unlocked (10th floor)

Brett...You will find attached a proposal for the clock tower security. Recommendation would be 3 regular officers and 1 armed / day. The goal will be to support access downstairs at the elevator, have someone on 9 and one more in the clock tower. The 4th will be covering breaks, lunch and/or opening and closing earlier for the staff.

Let me know your thoughts. Cost is estimated at \$(b) (6) / year based on 7 days / week operation.

MD5: 7114d53eeccf6b8269207ab7c6c0b0cf

Happy New Year. Just wanted to bring everyone up to speed on the testing and inspections:

1. FA Confidence Testing- Simplex/Freestate have been on site every day since the problems last week while Tsabikos and JH were doing the Confidence Testing. They have changed out a card and updated the software I am told. Today they continue to test the system to make sure the issue is resolved. We would like to schedule the Confidence Testing for Monday, January 9 at 9 AM to re-do the test and move towards obtaining the TCO for the Spa, Townhouse and the 9th Floor. As I understand it this is all that is needed for those TCO's. Please let us know if you can make this test on Monday.
2. Ansul Test for NW Kitchen- we would like to do this test either Friday of this week as originally scheduled or if it works better to do all the testing Monday then we could do the Ansul and Confidence Testing on Monday. Let us know.
3. Mezzanine Level- it seems that it makes sense to do the walk through on the Mezzanine level rooms all at once due to corridor and egress issues. We had previously suggested doing this in two parts but after walking with Tsabikos last week it makes sense to do it all at once. We are proposing Thursday, January 12th.
4. Occupancy Signs- Joe had discussed occupancy signs with (b) (6) I was told. Can you give me the language for the occupancy sign and the size of the sign? Other jurisdictions say things like "Occupancy by More Than XXX Is Dangerous and Unlawful". We have the occupancy counts from JH but would like the language to make these signs.
5. NW Kitchen Final TCO Walk Through- Anticipated for January 12th. We could combine it with the Mezzanine walk. Assumes JH and ECS letters come the day before. Please confirm if this works.

Hope everything has been going smoothly for you with the hotel operation over these past several days and into the Inaugural weekend. I left you a voice message yesterday and needed to reach out to you to ensure you fully understood all of the Fire Life Safety requirements related to egress at the Old Post Office. We recognize that some of the fencing that is installed in and around the OPO was put up by USSS in advance of the Inaugural activities, however we still do need to ensure the safety of the patrons of the hotel and a accessible path of egress.

Please ensure that the regulations that have sent over through our FLS group are followed for all of the egress paths at the OPO. We understand this is a unique situation, however we again need to ensure all of the FLS code requirements.

Your immediate attention is greatly appreciated./

Best Regards,

KT

We need to get to an agreement on the above subject for a Feb 1 opening. Alert your service provider to mobilize. We'll work the details out over the next two days. Need to work on pricing & SOW.

Also, I think Brett was working the Security piece which shares the same schedule.
I'll connect with him later this am.

KT

Mike,

Unless I'm mistaken, the cost for the first floor bathroom was on the agenda and discussed during the operations call with the Trump organization. They're proposed GSA pay (b) (6)%. Check the agenda. I don't think you were on the call.

Response to your email from Thurs. 1/5/2017: Our follow-up responses in red after your blue. We shall see you around 8:45 AM on Monday.

1. **FA Confidence Testing-** Simplex/Freestate have been on site every day since the problems last week while Tsabikos and JH were doing the Confidence Testing. They have changed out a card and updated the software I am told. Today they continue to test the system to make sure the issue is resolved. We would like to schedule the Confidence Testing for Monday, January 9 at 9 AM to re-do the test and move towards obtaining the TCO for the Spa, Townhouse and the 9th Floor. As I understand it this is all that is needed for those TCO's. Please let us know if you can make this test on Monday. We will be on-site prior to 9AM on Monday 1/9/2017. See final paragraph regarding TCO. Also, we still need to walk the 9th floor rooms. WE WILL SEE YOU ON MONDAY. TALK TO TSABIKOS- HE WENT TO THE 9TH FLOOR LAST WEEK WITH JH TO LOOK AT THE SHADES WHICH WAS THE ONLY OPEN ITEM AND THE SHADES WERE APPROVED. IT WAS MY UNDERSTANDING THAT NO MORE REVIEW WAS NEEDED. OF COURSE, YOU ARE ALWAYS WELCOME TO WALK THE ROOMS OR ANY OTHER SPACE YOU LIKE. Once JH has inspected & updated their letters, someone from our office will do a quick walk-through.

2. **Ansul Test for NW Kitchen-** we would like to do this test either Friday of this week as originally scheduled or if it works better to do all the testing Monday then we could do the Ansul and Confidence Testing on Monday. Let us know. We do not wish to hold up the Ansul system/kitchen hood suppression tests, so whenever you do it works as long as JH is witnessing it, verifying fuel & power shunts, nozzle heights vs. equipment, and proper discharge & fan operations. That said, our office hasn't seen the shop drawings from Fireline, nor the JH shop drawing review comments or approvals, so I wonder if the Ansul test scheduling isn't premature?? Please keep the ceiling from being closed in, until JH inspects the grease removal duct work, access panels, and other above ceiling FP items. Additionally, we would like a quick look on 1/9/2017 if the ducts are finished. JH WILL SEND THEIR REVIEW OF THE ANSUL SUBMITTAL ON MONDAY AS NO ONE FROM JH CAN REVIEW IT BEFORE THEN. WE WOULD LIKE TO SCHEDULE THE ANSUL TEST FOR TUESDAY, JANUARY 10 BECAUSE OF THIS DELAY. PLEASE CONFIRM. Just let us know the time.

3. **Mezzanine Level-** it seems that it makes sense to do the walk through on the Mezzanine level rooms all at once due to corridor and egress issues. We had previously suggested doing this in two parts but after walking with Tsabikos last week it makes sense to do it all at once. We are proposing Thursday, January 12th. Thursday AM works for us (Laura & I are available, Tsabikos isn't). THURSDAY IS GOOD. THANK YOU. Okay.

4. **Occupancy Signs-** Joe had discussed occupancy signs with (b) (6) I was told. Can you give me the language for the occupancy sign and the size of the sign? Other jurisdictions say things like "Occupancy by More Than XXX Is Dangerous and Unlawful". We have the occupancy counts from JH but would like the language to make these signs. Please work with JH to get the signs posted per NFPA 101, 12.7.9.3. Something simple such as "Maximum Room Occupancy Shall Not Exceed _____ Persons" should suffice. These really need to be installed/mounted ASAP. WE WILL GET THESE SIGNS POSTED. Thanks.

5. **NW Kitchen Final TCO Walk Through-** Anticipated for January 12th. We could combine it with the Mezzanine walk. Assumes JH and ECS letters come the day before. Please confirm if this works. We shall see about time on Thursday, only have a limited amount. Could be looked at another day by Tsabikos. WE WOULD APPRECIATE IF YOU CAN ACCOMMODATE THURSDAY IN

ADDITION TO THE MEZZANINE LEVEL ROOMS. DOH WILL NOT COME UNTIL WE HAVE A TCO AND WE WANT TO START UP THE KITCHEN FOR THE INAUGURATION WEEK WHICH MEANS DOH WOULD HAVE TO COME FRIDAY. I can't commit more hours on Thurs. but I would suggest your prioritization regarding the kitchen & the mezz., Tsabikos may be able to follow up on Friday.

Additionally, our office is not planning to add any spaces to the existing TCO, due to the fire alarm system issues/reliability and since the exit discharges are not being maintained per the Life Safety Code. JH has shared with your team, and I copied those exit width requirements to (b) (6) and although the exit discharge barriers have been improved, they are not meeting the minimum exit width requirements calculated by JH. I ASSUME YOU MEAN YOU WILL NOT ISSUE ANY MORE TCO'S UNTIL THE CONFIDENCE TESTING IS COMPLETED AND APPROVED BY JH. THE SPA, TOWNHOUSE AND 9TH FLOOR SHOULD FOLLOW THE CONFIDENCE TESTING APPROVAL AS THEY HAVE PREVIOUSLY BEEN SIGNED OFF BY JH AND GSA. THE PENN AVENUE AND 12TH STREET EXIT ISSUE WITH THE BARRIERS HAS BEEN ADDRESSED BY (b) (6) IN A SEPARATE E MAIL. HE IS REMOVING THE BARRIERS. (Not sure about the 9th floor, we'll review JH letters once everything is updated.)

Thanks, we will see you all Monday,
Joe

(b) (6)

I can't comment on the security requirements, or vandalism prevention (way out of my expertise). I can remind you that you have code compliant access control locking on those exterior doors. In general, physical barriers are usually installed to save on the costs of physical security personnel.

The exit discharge widths have not been maintained in compliance with the designed requirements. The 12th Street side (as of yesterday 11 am) was completely blocked, and per the design team requirements are supposed to be 16 feet clear. The PA Ave side is supposed to be 10 feet clear - yesterday when I checked, the opening was approximately 30% less than that required width.

The use of the barriers are your organization's decision, but the clear widths to a public way are mandatory with regards to meeting the contract, lease terms, & fire safety code requirements.

You may wish to have your security team brainstorm with the Trump Team Fire Protection Engineers (Jensen Hughes) to come up with ideas??

Regards,

Joe

Joe...I thought the changes made with the barriers were satisfactory but it does not look like it. At this point, it may be best to remove them. It is obviously a huge concern on our end from a security and vandalism standpoint 2 weeks before inauguration but I do not want to NOT be compliant. If you think about any other solution with these barriers allowing us to maintain a level of security satisfactory to you, please let me know. If not, we will proceed with removal.

(b) (6)

See GSA's Fire Safety responses in **RED**,

From your email:

1. **FA Confidence Testing-** Simplex/Freestate have been on site every day since the problems last week while Tsbikos and JH were doing the Confidence Testing. They have changed out a card and updated the software I am told. Today they continue to test the system to make sure the issue is resolved. We would like to schedule the Confidence Testing for Monday, January 9 at 9 AM to re-do the test and move towards obtaining the TCO for the Spa, Townhouse and the 9th Floor. As I understand it this is all that is needed for those TCO's. Please let us know if you can make this test on Monday. **We will be on-site prior to 9AM on Monday 1/9/2017. See final paragraph regarding TCO. Also, we still need to walk the 9th floor rooms.**
2. **Ansul Test for NW Kitchen-** we would like to do this test either Friday of this week as originally scheduled or if it works better to do all the testing Monday then we could do the Ansul and Confidence Testing on Monday. Let us know. **We do not wish to hold up the Ansul system/kitchen hood suppression tests, so whenever you do it works as long as JH is witnessing it, verifying fuel & power shunts, nozzle heights vs. equipment, and proper discharge & fan operations. That said, our office hasn't seen the shop drawings from Fireline, nor the JH shop drawing review comments or approvals, so I wonder if the Ansul test scheduling isn't premature?? Please keep the ceiling from being closed in, until JH inspects the grease removal duct work, access panels, and other above ceiling FP items. Additionally, we would like a quick look on 1/9/2017 if the ducts are finished.**
3. **Mezzanine Level-** it seems that it makes sense to do the walk through on the Mezzanine level rooms all at once due to corridor and egress issues. We had previously suggested doing this in two parts but after walking with Tsbikos last week it makes sense to do it all at once. We are proposing Thursday, January 12th. **Thursday AM works for us (Laura & I are available, Tsbikos isn't).**
4. **Occupancy Signs-** Joe had discussed occupancy signs with (b) (6) I was told. Can you give me the language for the occupancy sign and the size of the sign? Other jurisdictions say things like "Occupancy by More Than XXX Is Dangerous and Unlawful". We have the occupancy counts from JH but would like the language to make these signs. **Please work with JH to get the signs posted per NFPA 101, 12.7.9.3. Something simple such as "Maximum Room Occupancy Shall Not Exceed _____ Persons" should suffice. These really need to be installed/mounted ASAP.**
5. **NW Kitchen Final TCO Walk Through-** Anticipated for January 12th. We could combine it with the Mezzanine walk. Assumes JH and ECS letters come the day before. Please confirm if this works. **We shall see about time on Thursday, only have a limited amount. Could be looked at another day by Tsbikos.**

Additionally, our office is not planning to add any spaces to the existing TCO, due to the fire alarm system issues/reliability and since the exit discharges are not being maintained per the Life Safety Code. JH has shared with your team, and I copied those exit width requirements to (b) (6) and although the exit discharge barriers have been improved, they are not meeting the minimum exit width requirements calculated by JH.

Thanks,

Joe

I can't comment on the security requirements, or vandalism prevention (way out of my expertise). I can remind you that you have code compliant access control locking on those exterior doors. In general, physical barriers are usually installed to save on the costs of physical security personnel.

The exit discharge widths have not been maintained in compliance with the designed requirements. The 12th Street side (as of yesterday 11 am) was completely blocked, and per the design team requirements are supposed to be 16 feet clear. The PA Ave side is supposed to be 10 feet clear - yesterday when I checked, the opening was approximately 30% less than that required width.

The use of the barriers are your organization's decision, but the clear widths to a public way are mandatory with regards to meeting the contract, lease terms, & fire safety code requirements.

You may wish to have your security team brainstorm with the Trump Team Fire Protection Engineers (Jensen Hughes) to come up with ideas??

Regards,
Joe

Brett,

This looks like it meets the PA Ave requirements. It wasn't like this for the past month. As of yesterday, 11 AM the PA Ave. opening was approx. 7', and not the required width.

The 12th Street opening was 6' if you didn't care that the 6' opening was blocked by three orange traffic cones (better than the bike rack barriers but not clear access to a public way).

Baby steps....12th St??

Joe

See attached pictures. Trump Hotel Ops has complied according to their understanding of the conversation with Joe- leaving the opening of 122" required by JH. So we are just down to the FA Confidence Testing which I am proposing for Monday. Did not hear back from Tsabikos yet.

(b) (6) Thank you for taking the time last week to discuss these fire safety issues.

Exit Discharge vs. Security Barriers

The required exit discharge widths as identified by the design team/developer's Fire Protection Engineering firm Jensen Hughes are listed below (typo where they wrote 10th street, they meant 11th street):

"The PA Ave exits account for 610 persons. A minimum clear width of 122 in. is required."

(including Annex)

10th Street exits: 1,860 persons x 0.2 = 372" (31')

12th Street exits: 933 persons x 0.2 = 186.6" (16')

The clear widths are required at all times. The stanchions and barricades are not permitted to block the exit discharges. We discussed a way to keep the barricades up, while still maintaining the required opening width. Stagger the openings in the line of barricades, and keep the barricades at least the required width apart.

During civil unrest (a police action) the incident commander determines the required security response, after the security event, the exit discharges need to be clear and unobstructed yet again.

Hotel or Construction Site

As the hotel's Managing Director, you and your team are responsible for operating the hotel in compliance with the International Fire Code, the NFPA National Fire Codes & Standards, GSA Standards and policies, and NFPA 101 - Life Safety Code. As of Mid-September, 2016, the OPO began to operate as a Hotel with construction activities rather than a construction site.

Construction activities are to be managed by the hotel operators, and as such, you are responsible to ensure Fire Code compliance.

Fire Alarm System

The fire alarm system for the facility is not currently being maintained and managed properly. Changes to the fire alarm program are not being re-acceptance tested in accordance with GSA and NFPA 72 requirements. This places the occupants and entire facility at risk. The fire alarm system is being kept in an off-normal position routinely throughout the day. The fire alarm system importance cannot be minimized since not only is it the means of occupant and emergency communication, is also controls all of the smoke control features in the building.

Fire Protection System Impairments

We are asking our contracting officer to look into responsibilities and protocols related to fire protection system impairments, and if and how GSA is to be notified of any problems or system impairments. These fire protection and life safety systems include: emergency power supply system, egress components and pathways, fire alarm system, stair pressurization system, atrium smoke control system, automatic sprinkler system, kitchen hood suppression systems, and the fire pump. More information to follow.

If you have any questions or comments, please give us a call.
Thanks,
Joe

See GSA's Fire Safety responses in RED,

From your email:

1. **FA Confidence Testing-** Simplex/Freestate have been on site every day since the problems last week while Tsabikos and JH were doing the Confidence Testing. They have changed out a card and updated the software I am told. Today they continue to test the system to make sure the issue is resolved. We would like to schedule the Confidence Testing for Monday, January 9 at 9 AM to re-do the test and move towards obtaining the TCO for the Spa, Townhouse and the 9th Floor. As I understand it this is all that is needed for those TCO's. Please let us know if you can make this test on Monday. **We will be on-site prior to 9AM on Monday 1/9/2017. See final paragraph regarding TCO. Also, we still need to walk the 9th floor rooms.**
2. **Ansul Test for NW Kitchen-** we would like to do this test either Friday of this week as originally scheduled or if it works better to do all the testing Monday then we could do the Ansul and Confidence Testing on Monday. Let us know. **We do not wish to hold up the Ansul system/kitchen hood suppression tests, so whenever you do it works as long as JH is witnessing it, verifying fuel & power shunts, nozzle heights vs. equipment, and proper discharge & fan operations. That said, our office hasn't seen the shop drawings from Fireline, nor the JH shop drawing review comments or approvals, so I wonder if the Ansul test scheduling isn't premature?? Please keep the ceiling from being closed in, until JH inspects the grease removal duct work, access panels, and other above ceiling FP items. Additionally, we would like a quick look on 1/9/2017 if the ducts are finished.**
3. **Mezzanine Level-** it seems that it makes sense to do the walk through on the Mezzanine level rooms all at once due to corridor and egress issues. We had previously suggested doing this in two parts but after walking with Tsabikos last week it makes sense to do it all at once. We are proposing Thursday, January 12th. **Thursday AM works for us (Laura & I are available, Tsabikos isn't) .**
4. **Occupancy Signs-** Joe had discussed occupancy signs with (b) (6) I was told. Can you give me the language for the occupancy sign and the size of the sign? Other jurisdictions say things like "Occupancy by More Than XXX Is Dangerous and Unlawful". We have the occupancy counts from JH but would like the language to make these signs. **Please work with JH to get the signs posted per NFPA 101, 12.7.9.3. Something simple such as "Maximum Room Occupancy Shall Not Exceed _____ Persons" should suffice. These really need to be installed/mounted ASAP.**
5. **NW Kitchen Final TCO Walk Through-** Anticipated for January 12th. We could combine it with the Mezzanine walk. Assumes JH and ECS letters come the day before. Please confirm if this works. **We shall see about time on Thursday, only have a limited amount. Could be looked at another day by Tsabikos.**

Additionally, our office is not planning to add any spaces to the existing TCO, due to the fire alarm

system issues/reliability and since the exit discharges are not being maintained per the Life Safety Code. JH has shared with your team, and I copied those exit width requirements to (b) (6) and although the exit discharge barriers have been improved, they are not meeting the minimum exit width requirements calculated by JH.

Thanks,
Joe

(b) (6) Thank you for taking the time last week to discuss these fire safety issues.

Exit Discharge vs. Security Barriers

The required exit discharge widths as identified by the design team/developer's Fire Protection Engineering firm Jensen Hughes are listed below (typo where they wrote 10th street, they meant 11th street):

"The PA Ave exits account for 610 persons. A minimum clear width of 122 in. is required."

(including Annex)

10th Street exits: 1,860 persons x 0.2 = 372' (31')

12th Street exits: 933 persons x 0.2 = 186.6' (16')

The clear widths are required at all times. The stanchions and barricades are not permitted to block the exit discharges. We discussed a way to keep the barricades up, while still maintaining the required opening width. Stagger the openings in the line of barricades, and keep the barricades at least the required width apart.

During civil unrest (a police action) the incident commander determines the required security response, after the security event, the exit discharges need to be clear and unobstructed yet again.

Hotel or Construction Site

As the hotel's Managing Director, you and your team are responsible for operating the hotel in compliance with the International Fire Code, the NFPA National Fire Codes & Standards, GSA Standards and policies, and NFPA 101 - Life Safety Code. As of Mid-September, 2016, the OPO began to operate as a Hotel with construction activities rather than a construction site. Construction activities are to be managed by the hotel operators, and as such, you are responsible to ensure Fire Code compliance.

Fire Alarm System

The fire alarm system for the facility is not currently being maintained and managed properly. Changes to the fire alarm program are not being re-acceptance tested in accordance with GSA and NFPA 72 requirements. This places the occupants and entire facility at risk. The fire alarm system is being kept in an off-normal position routinely throughout the day. The fire alarm system importance cannot be minimized since not only is it the means of occupant and emergency communication, is also controls all of the smoke control features in the building.

Fire Protection System Impairments

We are asking our contracting officer to look into responsibilities and protocols related to fire protection system impairments, and if and how GSA is to be notified of any problems or system impairments. These fire protection and life safety systems include: emergency power supply system, egress components and pathways, fire alarm system, stair pressurization system, atrium smoke control system, automatic sprinkler system, kitchen hood suppression systems, and the fire pump. (b) (6)

Attached please find the directive for services and rent credit authorization. Obviously we'll modify again next month for seven days a week, but this reflects a proper credit against the June rent due for May's housekeeping services.

Thanks,
KT

(b) (6)

In review of the proposal for continuation of services for the Select Clock Tower Costs (Landlord) Budget (May 2017 - September 2017), it appears the costs attributable to Security (Line 2) for the months of Jul-17 and Sep-17 may be over-stated by \$(b) (4) in each month. My calculations indicate application of the holiday/overtime rate to dates which are not currently slated to be open and operated by NPS - Tuesday, July 4, 2017 and Monday, September 4, 2017. The balance of the proposal appears fine. Provided you are in agreement, please revise your proposal accordingly and resubmit at your earliest convenience.

Forbes Travel Guide Most Anticipated Hotel Openings Of 2016

On Mon, May 15, 2017 at 1:13 PM, Kevin Terry - WPRA <kevin.terry@gsa.gov> wrote:

(b) (6)

In review of the proposal for continuation of services for the Select Clock Tower Costs (Landlord Budget (May 2017 - September 2017)), it appears the costs attributable to Security (Line 2) for the months of Jul-17 and Sep-17 may be over-stated by \$(b) (4) in each month. My calculations indicate application of the holiday/overtime rate to dates which are not currently slated to be open and operated by NPS - Tuesday, July 4, 2017 and Monday, September 4, 2017. The balance of the proposal appears fine. Provided you are in agreement, please revise your proposal accordingly and resubmit at your earliest convenience.

Attached please find the directive for services and rent credit authorization. Obviously we'll modify again next month for seven days a week, but this reflects a proper credit against the June rent due for May's housekeeping services.

Thanks,

KT

When you get a moment please forward the cover letter to the revised numbers from back on May 15th. As previously stated, I'm good with it and have a response in draft ready to send.

On the 7 day a week operation, by all means pull together what you can and I'll sort through the other operation costs to include as part of the sum total monthly rent credit. Once that's in place, we'll be good for a while.

Best Regards,

KT

In review of the proposal for continuation of services for the Select Clock Tower Costs (Landlord) Budget (May 2017 - September 2017), it appears the costs attributable to Security (Line 2) for the months of Jul-17 and Sep-17 may be over-stated by \$(b) (4) in each month. My calculations indicate application of the holiday/overtime rate to dates which are not currently slated to be open and operated by NPS - Tuesday, July 4, 2017 and Monday, September 4, 2017. The balance of the proposal appears fine. Provided you are in agreement, please revise your proposal accordingly and resubmit at your earliest convenience.

Best Regards,

KT /

In review of the proposal for continuation of services for the Select Clock Tower Costs (Landlord) Budget (May 2017 - September 2017), it appears the costs attributable to Security (Line 2) for the months of Jul-17 and Sep-17 may be over-stated by \$(b) (4) in each month. My calculations indicate application of the holiday/overtime rate to dates which are not currently slated to be open and operated by NPS - Tuesday, July 4, 2017 and Monday, September 4, 2017. The balance of the proposal appears fine. Provided you are in agreement, please revise your proposal accordingly and resubmit at your earliest convenience.

Yes, the revised spreadsheet looks fine. Please resend with the revised cover.

Thanks my friend.
Best Regards,
KT

In review of the proposal for continuation of services for the Select Clock Tower Costs (Landlord) Budget (May 2017 - September 2017), it appears the costs attributable to Security (Line 2) for the

months of Jul-17 and Sep-17 may be over-stated by \$(b) (4) in each month. My calculations indicate application of the holiday/overtime rate to dates which are not currently slated to be open and operated by NPS - Tuesday, July 4, 2017 and Monday, September 4, 2017. The balance of the proposal appears fine. Provided you are in agreement, please revise your proposal accordingly and resubmit at your earliest convenience.

When you get a moment please forward the cover letter to the revised numbers from back on May 15th. As previously stated, I'm good with it and have a response in draft ready to send.

On the 7 day a week operation, by all means pull together what you can and I'll sort through the other operation costs to include as part of the sum total monthly rent credit. Once that's in place, we'll be good for a while.

Best Regards,
KT

On Mon, May 15, 2017 at 2:56 PM, Kevin Terry - WPRA <kevin.terry@gsa.gov> wrote:

In review of the proposal for continuation of services for the Select Clock Tower Costs (Landlord) Budget (May 2017 - September 2017), it appears the costs attributable to Security (Line 2) for the months of Jul-17 and Sep-17 may be over-stated by \$203.10 in each month. My calculations indicate application of the holiday/overtime rate to dates which are not currently slated to be open and operated by NPS - Tuesday, July 4, 2017 and Monday, September 4, 2017. The balance of the proposal appears fine. Provided you are in agreement, please revise your proposal accordingly and resubmit at your earliest convenience.

Brett,

As discussed last week, please find attached for your review the signage we would like to place on the two awnings highlighted below. One is for Benjamin Bar & Lounge, and the other is for Benjamin Terrace. The picture below outlines the awning locations - Benjamin Bar & Lounge would go on the awning towards the east and Benjamin Terrace would go on the awning towards the west, adjacent to the outdoor bar.

Happy to discuss any questions/comments.

Thank you,

See review comments for Gift Shop below.

1) Please ensure all clearances meet ABBAS accessibility requirements in the Gift Shop.

2) The door issue listed here as an ABBAS issue should be solved as long as the Fire Safety comment sent previously is complied with and applied to operations -- please keep door open when gift shop is occupied.

3) Please review the duct size comment and advise of final duct size.

The Shop is otherwise cleared for construction.

Good afternoon Ed,

We have completed our OPDQ review for your project SOW - **OPO Trump Hotel - Gift Shop.** Our OPDQ comments are noted in our comments sheet below.

Our OPDQ team reviewed the following disciplines:

Architectural
Historic Preservation
Mechanical

Electrical

Life Safety (by others - OPDQ does not review this section)

Fire Protection (by others - OPDQ does not review this section)

Sustainability: No review - noted as this is not a Federal government project.

OPDQ Comments: [Trump Gift Shop Comments](#)

If you have any questions, please feel free to contact us.

I sure hope you will be getting much more info. This plan doesn't show the existing fencing. Dimensions and aisle spacing would be needed.

I am pushing them for more detail than this, but I thought I would pass this along.

FLS has requested a seating, fencing and egress plan to move forward with their review. Let me know if we need to discuss in more detail.

Thanks,

Brett

On Wed, Feb 8, 2017 at 12:06 PM, (b) (6) <[REDACTED]> wrote:

Brett,

Hope all is well. Following up on our discussion regarding occupancy for the outdoor space on Pennsylvania Avenue, Jensen Hughes has advised the following occupancy limits.

1. Total triangular outdoor area excluding the center area (which would serve as the egress area of the building)
 - a. Seated - 269
 - b. Standing - 806
2. Total area delineated in the CFA/NCPC approval (both NE and NW corners)
 - a. Seated - 111
 - b. Standing - 331

As discussed, it would be ideal to list the figures in #1 on the CO. Please let me know what formal documentation you need from Jensen Hughes. Happy to discuss any questions/comments.

Thank you,

1. What is the difference in areas of the 'total' vs the 'ncpc delineated'?
2. Consultation discussion of area specifically excluded the area north of the Franklin Statue and reserved it for public access.....
3. The NCPC drawing shows 88 seats. What's with the 111 or 269 numbers in the Trump emails?

Hi all,

Hope you had a nice weekend. I'm reaching out on (b) (6) behalf to see if we can move this call to tomorrow, same time due to scheduling conflicts? If that does not work, please kindly let me know and I'm happy to find an alternate time.

Thank you,

(b) (6)

(b) (6)

As discussed, the Trump International Hotel (TIH), located immediately adjacent to the IRS Headquarters Building, continues to receive unprecedented attention due to the principal owner being the President of the United States (POTUS).

IRS Security has been working closely with and advising TIH Security and management officials on security concerns related to the proximity of the hotel. To ensure the safety of IRS employees, IRS Security Services has temporarily closed the building's Credit Union entrance on Pennsylvania Avenue, due to the disruptions caused by POTUS visits, and on-going protests there. Since the election, unprecedented protests have taken place that are not typically normal for a hotel property. We can expect these protests and the on-going news coverage to increase rather than decrease for the foreseeable future; thereby bringing more attention to this area which puts our employees and property at a greater risk of harm than would normally be expected.

Despite locking down other entrances, increasing camera coverage, placing rack barriers around the building and near the I R S entrance, as well as, employing visible exterior Guards, in our view, there are still two major security concerns that remain.

Since the Hotel loading dock is located immediately next to our building on "C" Street, vehicles entering that area should be properly screened before being allowed back to the loading dock area. Despite T I H Security assuring us that vehicles are expected and scheduled, I R S would like to see a form of explosive detection used on the vehicles before they are allowed that far back onto the property. At a minimum, moving the Guard booth closer to 12th Street and employing vehicle screening under-carriage mirrors, as well as, thorough visual searches (if not K -9 or explosive device screening) before allowing them to proceed closer to the building would be an excellent and very visible way to assure I R S that I E D potential is taken seriously, both for Trump guests and staff as well as I R S employees.

The second major concern is the lack of defended set-backs surrounding the perimeter of the building. In the current configuration, any vehicle is able to drive onto the sidewalk and walkway areas on Pennsylvania Avenue and 12th Street not only delivering I E D s, as we have seen in other countries, but also in an effort to disrupt business or harm guests, or the public in those areas. Again, at minimum, we would like to see concrete planters or some form of security fencing near the roadways (such as the new security perimeter currently being installed at the Department of Commerce).

IRS would be happy to enter dialogue with TIH and GSA in an effort to help resolve these outstanding security concerns. Please contact me if you have any questions.

VR,

Brett,

Hope all is well. Following up on our discussion regarding occupancy for the outdoor space on Pennsylvania Avenue, Jensen Hughes has advised the following occupancy limits.

1. Total triangular outdoor area excluding the center area (which would serve as the egress area of the building)
 - a. Seated - 269
 - b. Standing - 806
2. Total area delineated in the CFA/NCPC approval (both NE and NW corners)
 - a. Seated - 111
 - b. Standing - 331

As discussed, it would be ideal to list the figures in #1 on the CO. Please let me know what formal documentation you need from Jensen Hughes. Happy to discuss any questions/comments.

Thank you,

Kevin,

Hope all is well. Just tried to call. Please see below. We continue to get bills for OPO, which do not reflect the fact that we have been current on our rent payments. We would like to get this, as well as the other rent-related issues we have discussed, resolved as soon as possible. I am planning to be in D C next Wednesday and Thursday. If you are available, it would be good to meet to discuss and resolve this and the remaining expense allocations related to the ClockTower operations. Please let me know your availability.

Thank you,

Kevin, Brett,

Hope all is well. Thank you for your flexibility with rescheduling this call. Please see below for our agenda and feel free to add any other items.

1. Clock Tower Hours - Full time operations to commence on 6/19. Trump to provide updated security and housekeeping expense allocation figures.
2. Clock Tower Bell Room Leak - Trump has engaged firm to investigate leak and identify proposed solution. Follow-up scope will execute solution.
3. Clock Tower Expense Allocations
 - a. Ground Floor Bathroom Cleaning - nearly \$(b) (6) incurred to date during days in which the Clock Tower has been open.
 - b. Other Expenses (e.g. pest control, fire/life safety equipment maintenance)
4. Ground Rent Notices
5. Ground Rent Annual Adjustment

Thank you,

(b) (6)

(b) (6) & (b) (6)

As you are aware, we have been working with your team for the past several months to finalize an interpretive plaque for Robert Irwin's *48 Shadow Planes* to be installed in the cortile of the Old Post Office. We are now getting ready to fabricate this plaque and would like to order a second plaque to be installed in NPS space. There is an excellent view of the artwork from the 9th floor corridor between the elevator and bell ringer space and we would like to provide information on the artwork to individuals that are visiting the clock tower but may not have the opportunity to visit the rest of the hotel.

Attached below is a copy of the proposed plaque (identical in every regard to the one that you all approved for the cortile) along with two photographs of the NPS hallway, (b) (6) up to show our proposed location on a column facing the artwork. The plaque would be adhered to the plaster column face utilizing a reversible 3M double sided tape, approved by the DC SHPO for applications on historic plaster.

We are notifying you as the majority tenant of our intent to proceed with this undertaking in NPS space. Please contact me with any questions or concerns.

Thank you,

Kristen M Fusselle

Attached are the letters from JH on the Spa, Townhouse and 9th Floor Guest Rooms. These were all previously reviewed by GSA and JH but were waiting on the FA Confidence Testing which was completed successfully yesterday. Please confirm receipt of these as we have been having issues getting through the GSA security at your server. We would appreciate updating the TCO letter tomorrow. Thank you.

See attached pictures. Trump Hotel Ops has complied according to their understanding of the conversation with Joe- leaving the opening of 122" required by JH. So we are just down to the FA Confidence Testing which I am proposing for Monday. Did not hear back from Tsabikos yet.

(b) (6) Thank you for taking the time last week to discuss these fire safety issues.

Exit Discharge vs. Security Barriers

The required exit discharge widths as identified by the design team/developer's Fire Protection Engineering firm Jensen Hughes are listed below (typo where they wrote 10th street, they meant 11th street):

"The PA Ave exits account for 610 persons. A minimum clear width of 122 in. is required."

(including Annex)

10th Street exits: 1,860 persons x 0.2 = 372' (31')

12th Street exits: 933 persons x 0.2 = 186.6' (16')

The clear widths are required at all times. The stanchions and barricades are not permitted to block the exit discharges. We discussed a way to keep the barricades up, while still maintaining the required opening width. Stagger the openings in the line of barricades, and keep the barricades at least the required width apart.

During civil unrest (a police action) the incident commander determines the required security response, after the security event, the exit discharges need to be clear and unobstructed yet again.

Hotel or Construction Site

As the hotel's Managing Director, you and your team are responsible for operating the hotel in compliance with the International Fire Code, the NFPA National Fire Codes & Standards, GSA Standards and policies, and NFPA 101 - Life Safety Code. As of Mid-September, 2016, the OPO began to operate as a Hotel with construction activities rather than a construction site. Construction activities are to be managed by the hotel operators, and as such, you are responsible to ensure Fire Code compliance.

Fire Alarm System

The fire alarm system for the facility is not currently being maintained and managed properly. Changes to the fire alarm program are not being re-acceptance tested in accordance with GSA and NFPA 72 requirements. This places the occupants and entire facility at risk. The fire alarm system is being kept in an off-normal position routinely throughout the day. The fire alarm system importance cannot be minimized since not only is it the means of occupant and emergency communication, is also controls all of the smoke control features in the building.

Fire Protection System Impairments

We are asking our contracting officer to look into responsibilities and protocols related to fire protection system impairments, and if and how GSA is to be notified of any problems or system impairments. These fire protection and life safety systems include: emergency power supply system, egress components and pathways, fire alarm system, stair pressurization system, atrium smoke control system, automatic sprinkler system, kitchen hood suppression systems, and the fire pump. More information to follow.

If you have any questions or comments, please give us a call.

Thanks,

Joe

Kevin, Brett,

Please see below. I understand your team is working on clarifying these delinquency notices, but the amount in this notice is much larger than what we have seen previously. I confirmed with our accounting team that we did successfully wire the January 2017 ground lease rent payment. Can you please clarify?

Thank you,

To: Brett Banks - WPT <brett.banks@gsa.gov>

Brett...You will find attached a proposal for the clock tower security. Recommendation would be 3 regular officers and 1 armed / day. The goal will be to support access downstairs at the elevator, have someone on 9 and one more in the clock tower. The 4th will be covering breaks, lunch and/or opening and closing earlier for the staff.

Let me know your thoughts. Cost is estimated at \$(b) (4) / year based on 7 days / week operation.

Gentlemen...As I am sure you have heard, we have had another aggressive protest on site yesterday afternoon with protesters making it up to our doors on Pennsylvania Ave (see pictures attached). We struggled to keep them out of the building and it took the police 2 hours to move everyone. We ended up with a new graffiti on the building that we are addressing right now.

The police reminded us to keep enough barriers in place to protect everyone inside and I am now torn between GSA requirements and Police recommendations. I will continue to balance both requirements the best I can however our priority must be to protect guests and employees inside the building this coming week. We do expect another wave of protest today.

I will continue to keep you informed on how things progress.

Best Regards,

Just got these documents from LL/Simplex and we have forwarded them to JH for their approval. They have made the changes requested in the phone call to the best of my limited knowledge of fire alarm systems and we expect a quick review by JH. I wanted you to have these for information if you want to review at the same time. Once I get JH approval I will forward that to you and we will order the equipment.

We expect this to take 4-5 weeks due to the lead time on the equipment. Thanks.

Hey Brett,

Laura is out of town next week. Tsabikos is busy on Monday. He & I are both available on Tuesday and Wed. afternoon (12:30 to 3p) and also Wed. morning (8 am to 11:30).

Do any of those times work?

Joe

Just and FYI that we issued a TCO for the outside area on PA Ave to the OPO tenant.

Nothing unexpected just wanted to let you all know.

Kevin,

It has come to our attention a minor clerical/formula error on the previously submitted February income statement. This only impacted the variance column on the year-to-date reporting information and did not impact any of the actual data for February itself.

This has since been corrected in the attached. This revision did not impact any of the numbers submitted, only the variance column noted.

Can you please delete the previously submitted file and use the attached.

Thanks,

(b) (6)

Krista,

For your reference, attached is the January 3, 2017 letter from the General Services Administration (GSA) to Congressman Cummings. Per the January 3rd correspondence, the "Structure Chart" for Trump Old Post Office LLC and other documents previously provided to Congressman Cummings and other Members of Congress are privileged or confidential information protected from public release in accordance with the Privacy Act, Freedom of Information Act, and/or other statutory or regulatory protections. Do not further disseminate this information without prior written coordination and approval from GSA, which such approval is not being provided by GSA at this time.

Andrew

Andrew,

Good morning. Reps. Cummings, DeFazio, Connolly and Carson will be sending a letter today requesting additional information about the lease between GSA and the Trump Organization. Their letter, which will be made public, will attach the "Structure Chart" for Trump Old Post Office LLC and reference estimated and actual revenue and net income for September and October. They are planning to address the letter to Timothy Horne. **Please let us know if he is not the appropriate addressee.**

Thank you,
Krista

On Wed, Feb 8, 2017 at 12:06 PM, (b) (6) <[REDACTED]> wrote:

Brett,

Hope all is well. Following up on our discussion regarding occupancy for the outdoor space on Pennsylvania Avenue, Jensen Hughes has advised the following occupancy limits.

1. Total triangular outdoor area excluding the center area (which would serve as the egress area of the building)
 - a. Seated - 269
 - b. Standing - 806
2. Total area delineated in the CFA/NCPC approval (both NE and NW corners)
 - a. Seated - 111
 - b. Standing - 331

As discussed, it would be ideal to list the figures in #1 on the CO. Please let me know what formal documentation you need from Jensen Hughes. Happy to discuss any questions/comments.

Thank you,

 - a. Seated - 269
 - b. Standing - 806
2. Total area delineated in the CFA/NCPC approval (both NE and NW corners)
 - a. Seated - 111
 - b. Standing - 331

As discussed, it would be ideal to list the figures in #1 on the CO. Please let me know what formal documentation you need from Jensen Hughes. Happy to discuss any questions/comments.

Thank you,

Brett,

Hope all is well. Following up on our discussion regarding occupancy for the outdoor space on Pennsylvania Avenue, Jensen Hughes has advised the following occupancy limits.

1. Total triangular outdoor area excluding the center area (which would serve as the egress area of the building)
 - a. Seated - 269
 - b. Standing - 806
2. Total area delineated in the CFA/NCPC approval (both NE and NW corners)
 - a. Seated - 111
 - b. Standing - 331

As discussed, it would be ideal to list the figures in #1 on the CO. Please let me know what formal documentation you need from Jensen Hughes. Happy to discuss any questions/comments.

Thank you,

Brett,

Hope all is well. Please find attached for your review the initial Sushi Nakazawa concept plan. We'll touch briefly on it during our call later this morning, but let me know if you have any questions in the meantime.

Thank you,

(b) (6)

Toni,

Attached please find the most recent monthly financial filing due GSA under terms of the OPO ground lease. Check your spelling on the outgoing. It appears as a possible typo "ProOublic" ????
